

ISN'T IT TIME TO RESTORE YOUR FREEDOMS?

Are you tired of your employees (“*government*” officials) running amok – the *hired help* recklessly spending your tax money while abusing and ordering you, the actual employer, around?

Please visit www.annavonreitz.com where a list of over 3000 short articles by Judge Anna explain in detail how this situation came about and the solutions that are available to each of us to rectify this mess for ourselves personally and the nation at large.

Read her books: *You know something is wrong when...* “*An American Affidavit of Probable Cause*” and also “*Disclosure 101.*”

Please also visit www.AmericanStatesAssembly.net to get all the instruction/education to reclaim your birthright political status as an American States National and join your State Assembly - now busy at work restoring proper American self-governance as laid out by our Founding Fathers; OF, FOR and BY, the people.
