

**We have a confession to make.**  
**We really are Special Interest Folks**

*Here are our Special Interests:*

- **WE have a special interest** in protecting the residents of the Town of Richfield. We want to work to restore the Ambulance service to the Town residents with all deliberate speed.
- **WE have a special interest** in keeping taxes low by means of sensible Economic development, adding jobs and businesses to the areas of the Town where gas, electric, water and sewer exist to help these businesses thrive.
- **WE have a special interest** in preserving the clean air, water, and beauty of our Town through sensible development and support for our Agricultural sector.

**So, please forgive us for our Special interests, and  
VOTE for *Dan Sullivan, Larry Frigault and Rex Seamon!***
