

VOTE FOR BARRY CHRISTOPHERSEN

This letter is in support of Barry Christophersen as candidate for re-election as The Town of Norwich Highway Superintendent. He Has served flawlessly over the past four years. Barry is responsible for over 40 miles of roadway in the Town. His expertise can be divided into three sections:

Budget, Management and Technical

- **Budget:** Each month, he reports to the Town Board meetings how the highway money is being spent with a detailed account of each penny going to every section. He keeps track of funds allocated from State and local tax revenues. He knows where he can obtain the best prices for goods and services.
- **Management:** Apart from keeping staff well motivated, there are times when a project is beyond the Town resources. When this happens, Barry negotiates help from neighboring townships for assistance, then in turn helps them.
- **Technical:** Highway equipment is large and complex. These need to be kept in readiness whenever the need arises. Barry's knowledge is detailed and comprehensive and able to instruct his staff how to be heavy equipment mechanics.

There is only one choice to continue his service to the Town of Norwich. Vote for Barry Christophersen on Tuesday, June 22, 2021 as Highway Superintendent.

Polls are open for registered town of Norwich voters in both districts one and two from 6 am to 9 pm at the Norwich Town Hall.

Perry Owen - Resident: Town of Norwich
