

## **Little Free Libraries now available at the Chenango SPCA**

Norwich, N.Y., October 11, 2021 – Chenango SPCA loves to read! The Chenango SPCA announces the installation of Little Free Libraries thanks to the generous donation of the Otis Thompson Foundation. Each library is designated with a selection for children's or adult/teen books. These beautiful libraries are weather proof and free to the public. Please come and take a book or leave a book.

“The mission of Little Free Libraries is to be a catalyst for building community, inspired readers, and expanding book access for all through a global network of volunteer-led Little Free Libraries.”

The Chenango SPCA is proud to be a partner in the Little Free Libraries global network.

This also builds on our Book Buddies program, encouraging participants to read to our animals. In children, especially, reading to animals alleviates the stress and encourages more proficiency in reading.

**About Chenango SPCA** - Founded in 1907, Chenango SPCA (CSPCA) is a no-kill animal shelter that provides care for lost and homeless pets, adopts pets to new homes, and educates families and the community about the needs of companion animals. CSPCA serves primarily the residents and animals of Chenango County and the surrounding communities. The mission of the Chenango SPCA is to provide and promote care, compassion and respect for our animals and our community. ➡
