

White's Farm Supply, Inc. is excited to welcome Joe Szalach to our sales team at our Waterville location.

Joe comes to us with over 30 years of equipment industry and sales experience. Not only does he have 18 years sales experience, but he has previously spent time working as a precision farming specialist, a territory manager, and an educator. He has lived in the Madison County area over 25 years and is looking forward to seeing some familiar faces amongst our current and new customers. When he is not meeting and helping customers, you will find him enjoying time with his family, restoring antique farm tractors and traveling with his children. Joe can be reached at 315-771-1437 for all your Agricultural equipment needs in Chenango and Otsego counties and surrounding areas. ➡
