

PET OF THE WEEK

Spooky and Smokey (white chest) are 10+ year old females looking for their forever home together! These two girls have lived in a home for over 10 years before arriving to the shelter.

Adapting to the shelter was a very tough change for them, and now they are ready to go home! Spooky is VERY vocal, and talks to you as soon as you come through the door! Smokey is quieter and keeps to herself, but once you pet her she opens right up! We have not had these girls around other animals yet
