

LET'S HELP SUPPORT TEAM ANNA

In mid-March, 6 year old Anna Louprette was diagnosed with a rare form of cancer. Rhabdomyosarcoma is a very aggressive cancer that attacks the bodies soft muscle tissue. She will be receiving treatments for the next year and beyond.

To show our support for Anna and her family we are working on a benefit that will include, among other things, basket raffles and a Chinese Auction. Anything that you or your business could donate would go a long ways to make this fund-raising event a success. All contributions will be gratefully recognized.

Anna is a lifelong resident of Sherburne. Her mothers family has deep roots in the area. No family should have to go through this alone. Please lend your support - as an individual, and a community, to young Anna and her family.

You could win this custom built Harley, and help raise funds for Team Anna

on display now at Riverside Redemption Center, 5012 NY-12, Norwich, NY.
