

Congratulations!

Ethan Hodge

*and Good Luck
from all of your
co-workers at
Bartle's Pharmacy*

Ethan Hodge is a senior at Oxford Academy. He will be attending Binghamton University in the fall to study Physics and History. After Binghamton, he plans to attend law school to chase his dream of becoming a lawyer.

He currently works part time at Bartle's Pharmacy. In Ethan's free time he enjoys board games, and the more complicated the better! However, in the last few years, Ethan can be found on the golf course as he is always trying to fit in another round when he can! ***Congratulations Ethan!***
