Thank you UHS Nurses

the lifeblood of healthcare organizations

National Nurses Week
May 6–12

nyuhs.org

Healthcare in the U.S. has changed dramatically over the past 50 years, and the profession of nursing has evolved with it, becoming more indispensable than ever in creating a great patient experience.

UHS nurses are partners with all the other members of the patient care team, in every clinical setting, from the operating room to home care. The expertise and skills UHS nurses demonstrate ensure strong multidisciplinary teams serving our patients.

"Our nurses are at the heart of every patient experience across the entire UHS system," said Kay Boland, RN, senior vice president, chief nursing officer and chief operating officer of UHS. "From hospitals and walk-ins to home care and community outreach, our nurses provide compassionate, high-quality care wherever it's needed. They advocate for patients, educate families, and promote health and wellness throughout the many communities we serve — making a meaningful difference every day, at every touchpoint."

There is no better time to recognize and honor a UHS nurse than during National Nurses Week, observed May 6 to 12. The celebration begins with **National Nurses Day** on May 6 and ends on May 12, the birthday of Florence Nightingale (1820–1910), the founder of modern nursing. The year 2025 is the 71st year of a nationally recognized Nurses Week celebration.

YOUR CARE. YOUR WAY.
