

Delaware County community members are invited to complete this survey about important health issues where you live.

Together, your local healthcare providers and Delaware County Public Health will use the results and other information to help identify health programs in your community.

Please complete only one survey per adult age 18 years or older. Your survey responses are anonymous.

> Complete the survey online at: surveymonkey.com/r/SZFMX9G or by scanning the QR code:

Esta encuesta también está disponible en español en la URL de arriba.
