

Jordanville Public Library
Dedication Ceremony on Friday, Jan. 16th at 6pm

Kelsey Schuler, a local young woman with a passion for writing and literature, crafting and local history, passed away unexpectedly January 2025.

Since then members of the community and her father's workplace have sent donations to the library with the hope that something beautiful in her memory would come of it..

It took almost a year but we have finally taken delivery on a set of custom-made double sided book shelves for our fiction section. Created by: Antony Aucher: Aspen Woodcraft, 339 Spring St., Fort Plain, NY 13339

*This gathering will be open to all her friends
and family.*
