# FLAT CREEK SOLAR PROJECT

IN-PERSON COMMUNITY MEETING WITH A LIVE Q&A

**CORDELIO** POWER

WHO:

Flat Creek Solar, along with technical experts, invites you to attend an in-person Community Meeting for the Flat Creek solar project.

WHAT:

Flat Creek will host a community meeting with an application update presentation and live question and answer session. During the Q&A, Flat Creek solar project representatives will sit on a panel and answer project-related questions in a large group setting. The presentation will begin at approximately 7:15 pm and the Q&A session will follow.

To accommodate all attendees, we will have a sign-in sheet for those who wish to address the panel directly as well as comment cards and pens for those who prefer to submit questions in writing. A panel moderator will collect the written questions and direct them to the correct project representative during the Q&A session. If you would like to submit questions over email prior to the Community Meeting, they may be sent to Erin Szalkowski at erin@innovantpr.com.

Please note: If multiple questions are asked about the same topic, your individual question may not be asked to the panel verbatim, but we will do our best to cover each topic thoroughly.

WHEN:

Tuesday, October 15, 2024, from 7:00-9:00 pm

WHERE:

Canajoharie Volunteer Fire Department (Second Floor), 75 Erie Boulevard in Canajoharie

### COLUMBUS BOARD AND UNDER STAFFED **HIGHWAY DEPARTMENT**

On June 13, 2024, I attended the Columbus Town Board Meeting to ask questions about the town highway department, and the board's apparent failure to fill employment positions in said department.

Upon entering the meeting, I was given a paper stating rules of conduct, and that I had only three minutes to state my questions and concerns. I thought well, the real message is, "Glad you came, but we really don't care what you have to say!'

Within a short time, I was given a chance to express my concerns:

- 1. The highway job wage was far below going-wage-rate and board members were only "dreaming" if they thought they would get any applicants when offering such a low wage.
- 2. There was no way three people could do the work when the fifty miles of highway in Columbus required a crew of six.
- 3. I produced milk that required pick-up every two days; winter would be here soon and that the milk truck would go right on by if my road was not open and plowed.
- 4. I would not absorb the costs of "dumped milk" due to impossible road conditions, and would sue the town to recover "all my costs in

At the conclusion of my remarks I heard expressions of pleasantries and gobble-de-gook from the town supervisor, and then, I left for home, thinking: "Why did I even bother?"

In actuality, it appears leadership in Columbus is non-existent.

William Larchar, Columbus resident
