CHENANGO COUNTY

HISTORY OF CHENANGO COUNTY

Historically for you and young at heart, this south central New York county is rich in colorful heritage with a scenic splendor that changes like magic with the seasons.

Chenango was formed from Herkimer and Tioga counties on March 15, 1798 and included 11 of the "Twenty Towns" in the "Governors Purchase" which was deeded to the State of New York in a treaty achieved through Governor George Clinton on September 22, 1788. The county also included several other tracts of land extending from present day Broome County to Oneida Lake.

When Chenango County was organized, it had ten towns: DeRuyter, Greene, Jericho, Norwich, Oxford, Brookfield, Cazenovia, Hamilton, Sangerfield and Sherburne. All of these towns have lost territory over the years, dividing to make new towns. In 1804 Sangerfield left Chenango County, and in 1806 Madison County was organized, creating the present north boundary of Chenango County.

The county seat was established in Norwich March 6, 1807, & its historical courthouse was built in the year 1837, replacing a wooden structure that was built shortly after 1807. The stone courthouse is remarkably preserved, and with its statue of the Goddess of Justice, its architecture draws national interest and reputation.

Named for the river which bisects it, Chenango means pleasant river flowing through the land of the bull thistle, a plant which has become the county symbol. It's not inappropriate.

HOSPICE and PALLIATIVE CARE of CHENANGO COUNTY

We are a non-profit health care agency that takes care of

patients with serious life limiting illness (generally 6 months or less) in their home, nursing home, or hospital room. Referrals are welcome from physicians and other healthcare providers, family members, friends, clergy or from the patient him/herself. Patients receive regular visits from Registered Nurses, LPNs, Social Workers, and specially trained volunteers. Medications and medical equipment is most often included in a patient's plan of care for which Medicare, Medicaid, and private insurance companies reimburse Hospice. Patients rarely, if ever, receive a bill for Hospice services.

For those individuals with a longer life expectancy who are not yet ready for Hospice care, Palliative (comfort) care may be more appropriate. Our staff consults with the palliative patient regarding pain and symptom management. Plus we provide emotional support for those still receiving life-prolonging medical intervention such as chemotherapy or radiation. Our Palliative care services are provided on a sliding fee scale if not covered by your insurance.

Grief support groups get together regularly, and volunteer training is active several times during the year. To schedule an informational visit, or to learn more about any of our programs, call the Norwich office at 607-334-3556.

AFTON

HISTORY OF AFTON

What is now Afton has been called Clinton, Jericho, South Bainbridge, and Afton. The first settler was Hezekiah Stowell who came to Bettsburgh, the first community in the town. A Vermont Sufferer from Guilford, Vermont, he arrived in 1786. The Landers family of Lenox, Massachusetts, arrived the same year. The Town of Afton was separated from Bainbridge in 1857 to become the youngest town in Chenango County. Afton Village was incorporated in 1892.

The name Afton was suggested by Joseph Bennett Chaffee, and was derived from the poem "Afton Water" by the Scottish poet, Robert Burns. It was intended that Afton would precede Bainbridge in any alphabetical list.

The Indian village of Cunahunta was located near the present Village of Afton. It was destroyed by Col. William Butler in a raid from Schoharie in October of 1778. The islands near Afton were a campsite for the troops of Gen. James Clinton in August, 1779, when he came from Otsego Lake to join Gen. John Sullivan in a campaign against the Indians of then Western New York.

A landmark near the Afton Fairgrounds is the Universalist Church, no longer used for services, but erected in 1818-1819 as a union building by Universalists and Presbyterians.

The former site of the Mormon House on the Afton Fairgrounds is noted by a state marker. Here, Joseph Smith, founder of the Mormon Church, was married to Emma Hale by Justice of the Peace, Zechariah Tarbell, on Jan. 18, 1827.

Afton has never been an industrial town, but in 1916 the Anso Company built a plant near Afton Lake to use its pure water for the manufacture of nitrocellulose for photographic film. The plant was unprofitable and was razed in the 1930's.

For many years, Afton Central School has been the largest employer in town.

Two noted Aftonians were Bert Lord and Dr. Carlton J.H. Hayes. Bert Lord was a New York State Assemblyman and Senator and then Representative from New York in the U.S. Congress. Dr. Hayes had a long career as Professor of History at Columbia University and was U.S. Ambassador to Spain during World War II.

Compiled by Charles J. Decker, Afton Town and Village Historian, January 2003.

HISTORY OF BAINBRIDGE

Over the past 30+ years, Bainbridge has changed considerably. Manufacturing locations have been severely reduced.

The Bainbridge Business Park now is home to Upturn Industries, the Presbytery of the Susquehanna Valley, Rice Development LLC and a Veterans' Clinic.

There are many, many more insurance agencies, restaurants, barbers, hairdressers, contractors, repair services, attorneys, churches, a bank, a credit union, antique stores, auction houses, etc. etc. Due to these many small businesses, our local economy is fairly strong. Bainbridge is a good place to live.

EATON

HISTORY OF EATON

Eaton was set off from Hamilton Feb. 6, 1807. Joshua Leland may be called the first settler in Eaton, though he was preceded a few months by John and James Salisbury, brothers, from Vermont, who, in the autumn of 1792, located within the borders of the town, and commenced a clearing, but were driven away in early winter by the intense cold and did not return.

First settled in 1793 by Joshua Leland; Sherburne, Mass., Benjamin Morse, Simeon Gillette, Levi Bonney, Ellijah Haydon, Dan'l and Alby and two Morris'.

LEBANON

HISTORY OF LEBANON

Lebanon was formed from Hamilton Feb. 6, 1807. It was one of the six towns originally patented to Col. William S. Smith, who soon after transferred the major portion of it to Sir William Pultney, reserving, however, a large tract bordering the Chenango. There were, therefore, two agencies active in promoting the settlement of the lands in this town.

First settled in 1791 by Joshua Smith, native of Franklin, Conn. Col. William S. Smith sent his brother Justus B., to act as agent for sale of lands.

MCDONOUGH

HISTORY OF McDONOUGH

McDonough was the 13th of the 21 townships, formed from Preston April 17, 1816 and named for Commodore Thomas Macdonough of the U.S. Navy. Hamlets are McDonough and East McDonough. It contains Geneganslet Lake, Ludlow Pond, and Bowman Lake State Park.

McDonough at one time was referred to by historians as MacDonough and was found in 1795 by Sylvanus Moore, James Talmadge, Nathaniel Locke, Capt. Joshua Buhi, Loring and Emory Willard and Henry Ludlow.

Did you know ...

East McDonough contained a union church; a district school, kept in the basement of the church; a small grocery, kept by Jeremiah Colvert; and a cheese factory. Deacon Elijah Thompson kept store for several years in a building later used as a dwelling by John Franklin. Thompson was succeeded by his son Giles who traded three or four years in a building where widow of Edson Gale later lived. The building was originally a barn or shop and had been moved four times. Ephraim Sprague, who came from the east, opened a store in the same building about 1865. He kept a general stock of goods. Philo Fosgate began trading after Sprague's death; but removed Sprague's building to the corner opposite the old tavern stand. He sold to his brother-in-law Elijah W. Thompson.

Jeremiah Colvert, Jr. came here from McDonough village in March of 1875 to keep a small grocery.

The population of East McDonough by 1880 was about forty-three. Based on "History of Chenango & Madison Co" 1774-1880 by James H. Smith

NORWICH

HISTORY OF NORWICH

Early settlers came largely from New England, especially Massachusetts and Connecticut. These early residents brought with them the name "Norwich," originally brought from England to Connecticut, to name their new home in New York. Norwich incorporated as a village on April 17, 1816 and incorporated as a city in 1914. When the Erie Canal began construction in 1817, the Chenango valley and the City of Norwich were still a frontier area. The success of the Erie Canal stimulated hopes and imaginations of inland residents with the prospect of better connections to markets and supplies. Despite an adverse report by the Canal Commissioners, the New York State Legislature authorized the construction of the Chenango Canal in 1833. The Chenango Canal connected the Erie Canal just west of Utica to the Susquehanna River at Binghamton. Construction began in 1834, and the canal opened in 1837.

NORWICH

While the canal significantly improved passenger and freight movement for the Chenango valley, it failed to increase the population or have a radical impact on the valley's economy. Ultimately, it was closed in 1878 due to declining revenues after the construction of railroads in the area.

The earliest industry in Norwich included sawmills, grist-mills, woolen mills, and a hammer factory. As the area grew and manufacturing and transportation systems became more sophisticated, industry expanded to include the Norwich Furniture Company, the Norwich Silk Manufacturing Company, a piano and a violin factory and, most importantly for the long-term economic impacts on the City, the Norwich Pharmacal Company, started by the Reverend Lafayette Moore in 1885. Incorporated in 1889, it grew to be the principal industry of Norwich, manufacturing such products as Pepto-Bismol and Norwich Aspirin. Headquartered in the City, the company provided not only manufacturing jobs but a significant number of management, research, and other professional opportunities.

The City of Norwich has been through dramatic changes in the last decade. In the future it will build on its considerable assets, including historic resources, ample infrastructure, quality community services, and strong sense of community to stimulate new growth and development.

OTSELIC

HISTORY OF OTSELIC / SOUTH OTSELIC

Formed from the Town of German on March 28, 1817, the Town of Otselic has three main hamlets: Otselic, Beaver Meadow, and South Otselic. Other communities include Otselic Center, Seventh Day Hollow, and Sandersonville. The Otselic River with its contributing streams is the principal body of water in the town. The town has extensive farm and state forest lands, and is noted for over 200 years of fishing that is celebrated each year in its Fishing and Heritage Day, the third Saturday of May. South Otselic is the largest of the hamlets and forms the commercial and social hub of the Town. It is also the home of Gladding Braided Products which has been in operation since 1816.

OXFORD

HISTORY OF OXFORD

Oxford was formed from Jericho and Union January 19, 1793 and contains the Chenango River, Mudd Pond, Ruggs Pond, Warn Lake, Brackett Lake and Steeres Pond. Hamlets and villages are Oxford, South Oxford, Summit, Walkers Corners, Robinsons, and Oxford Station, Coventry Station, and Cheshireville. Of interest is the Fort Hill area within the Village of Oxford on the east bank of the Chenango. Tradition connects this fort with Indian chief Thick Neck and the family Antoinnes. Oxford, named for Oxford, Mass., was settled in the fall of 1790 by Elijah Blackman.

Because of its position at the intersection of the east-west Catskill-Ithaca turnpike and the north-south Utica to Binghamton route, Oxford became a trading center early on, by stage coach. The Chenango Canal, built in 1837, went from Binghamton to Utica, NY including lock sites. It ran through the center of the village of Oxford and made it was one of the most important ports along the waterway. Oxford

had one of two canal collectors between the terminals at Binghamton and Utica. Here Ethan Clarke and his sons maintained a warehouse and a forwarding business where goods brought by the canal boats were sorted until owners came from as far as forty miles away to claim their merchandise. Sherburne, North Norwich, Oxford and Greene, a 97-mile route with 116 locks was, until 1878, used to transport goods until it was unable to compete with the railroads.

In the 1800's the bluestone quarries of Oxford were booming. Oxford was fortunate enough to have many quarries, owned by different companies. But two of them were the most productive quarries in the United States, and they were owned by the F. G. Clarke Blue Stone Company. The "bluestone belt", which ran along the west bank of the Hudson around Coxsackie, NY, southwest just past PA, seemed to have inexhaustible deposits in Oxford, adding to the prosperity of the village. The success of the mines was partly due to the fact that it was close to transportation. Oxford bluestone was shipped throughout the northeast providing curbing and sidewalks for the cities of Boston, New York, and Philadelphia. Thirty railroad cars of stone were required for the steps of the Capitol building in Albany, which came from Oxford quarries, and Oxford bluestone was used for the construction of Grant's tomb. Times Square and Rockefeller Square in New York City are also graced with Oxford bluestone. The bluestone business slacked off with the invention of Portland cement, and then the stock market crash destroyed any plans for new construction. By the 1930's, it was the end of an era. Today, the beauty of bluestone 'sits quietly' as a legacy, especially evident, in the town that made it great.

SAY SOMETHING.**

The formation of CHENTAC was established due to the ever-changing risks of targeted violence and mass shootings that society faces today. CHENTAC takes effective proactive and protective measures that are designed to prevent-not predict potential acts of targeted violence and terrorism. Through identifying and managing potential threats, CHENTAC provides alternative to investigation and/or prosecution for bystanders who are actively seeking intervention assistance with a known individual at risk of mobilizing to violence.

YOUR ROLE IS IMPORTANT!

CHENTAC is relying on you, our biggest asset, to help identify potential threats. If you become aware of someone exhibiting concerning behaviors, or threatens a person, group or entity, we are available to help.
