*Indian families were living along the river in the Town of Sidney before the Revolutionary War. In 1770, Rev. William Johnston explored the Susquehanna River valley with an Indian guide. This was near the site of an old Indian fort and the eventual location of the Village of Sidney.*

*Native American artifacts carry profound cultural significance and historical value. From pottery and beadwork to tools and ceremonial objects, each artifact tells a story of tradition, craftsmanship, and heritage.*

*Please come witness the local Native American Artifacts that represent our rich cultural legacy.*
