## a Prescription for Child Safety

We should all heighten our awareness of the danger of accidental poisoning, especially when young children are present. Following are some simple measures you can take to safeguard your home.

### Poison Prevention Guidelines for Medicine

- Keep medicines and vitamins securely out of a child's reach.
- Buy medicine in child-resistant packages and replace the safety caps immediately after use.
- Never refer to medicine as "candy."
- Avoid taking medications in front of children, as they often attempt to imitate adults.
