**Best of Chenango County WINTER SPORTS 2023-24**

Many of our Chenango County high school sports teams and athletes have once again performed to an exceptional level during the 2023-2024 season.

A season ago The Evening Sun published a four-section special insert that promoted our star athletes and teams who either reached a major milestone, won a championship or broke a school record within that respective sport.

In April, we will once again profile the best athletes and teams our County has to offer with our 2023-2024 Best of Chenango County Winter Sports!

The special section will include large color photos of our star athletes and teams as well as detailed summaries explaining extraordinary achievements along with quotes from our athletes and coaches.

This type of sports coverage can only be found at The Evening Sun and we take great pride in presenting this once-a-year publication that summarizes the best our winter sports has to offer.

# TAX GUIDE

## THE RIGHT TO A FAIR AND JUST TAX SYSTEM

The Taxpayer Bill of Rights is a cornerstone document that highlights the 10 fundamental rights taxpayers have when dealing with the Internal Revenue Service. The IRS wants every taxpayer to be aware of these rights in the event they need to work with the IRS on a personal tax matter. The IRS continues to publicly highlight these rights to taxpayers. The IRS also regularly reminds its employees about these rights. The IRS expects employees to understand and apply taxpayer rights throughout every encounter with taxpayers.

IRS Publication 1, Your Rights as a Taxpayer, includes a full list of taxpayers' rights.

It includes The Right to a Fair and Just Tax System.

Taxpayers have the right to expect the tax system to consider facts and circumstances that might affect their underlying liabilities, ability to pay, or ability to provide information timely. Taxpayers have the right to receive assistance from the Taxpayer Advocate Service if they are experiencing financial difficulty or if the IRS has not resolved their tax issues properly and timely through its normal channels.

What you can expect:

- If you can't pay your tax debt in full and you meet certain conditions, you can get a payment plan with the IRS. You pay a set amount over time, generally in monthly payments. See the IRS Online Payment Agreement Application.

- You can submit an offer in compromise asking the IRS to settle your tax debt for less than the full amount. You can do this if (1) you believe you do not owe all or part of the tax debt, (2) you are unable to pay the full amount within the time permitted by law to collect it, or (3) paying the full amount would cause financial hardship or would be unjust.

- The IRS has published a list of national and local guidelines about the basic costs of living. You can use it when considering an offer to reduce your tax debt. The IRS won't use these guidelines if they result in your not having enough money to pay your basic living expenses. The IRS would use your actual expenses instead.

- The IRS cannot levy, or seize, all of your wages to collect your unpaid tax. A portion will be exempt from levy to allow you to pay basic living expenses.

- You can receive help from the Taxpayer Advocate Service or from a Low Income Taxpayer Clinic.

- The IRS can abate the unpaid portion of any tax or liability, and is specifically authorized to abate interest that is excessive or interest that was assessed erroneously, illegally, or after the statutory period of limitations on collection has expired.

- The IRS can abate interest on an underpayment caused by unreasonable delay or error by an IRS employee if the taxpayer (or representative) did not contribute to the delay or error.

To find out more about the TBOR and what it means to you visit the Taxpayer Advocate Service's website.

By making this important publication available in multiple languages, the IRS hopes to increase the number of Americans who know and understand their rights under the tax law. The IRS has more tax information in other languages too. See the "Languages" menu at the top of any IRS.gov page. The IRS also is committed to protecting taxpayers' civil rights. The IRS will not tolerate discrimination based on age, color, disability, race, reprisal, national origin, English proficiency, religion, sex, sexual orientation or status as a parent. This includes any contact with IRS employees and the staff or volunteers at community sites.

If a taxpayer faces discrimination, they can send a written complaint PDF to the IRS Civil Rights Division.

# CAR CARE

## Fluids to check before your next road trip

For many traveling enthusiasts, few things are more enticing than the open road. Road trips have long been popular, and that popularity appears to be on the rise.

According to a report from MMGY Global, a travel and hospitality marketing firm, road trips represented 39 percent of vacations taken by United States travelers in 2016. Road trips also remain popular in Canada, where vast, rugged terrain makes for idyllic trips.

Before embarking on road trips, motorists would be wise to inspect their vehicles to ensure their getaways are not derailed by car troubles.

- **Brake fluid:** Squeaky brakes are not the only potential indicator of brake problems. Brake fluid, which should always be topped off before beginning a road trip, also might shed light on potentially serious problems. According to the National Motorists Association, brake fluid looks honey-like and translucent when fresh. A puddle beneath a vehicle that is clear to brown and slick indicates a brake fluid leak, which can ultimately lead to a complete failure of the brakes. The NMA recommends brake fluid be changed at least once every three to four years.

- **Transmission fluid:** When fresh, transmission fluid is red, darkening over time. However, transmission fluid should never appear brown or black, which indicates potential internal damage to the transmission. To determine if there are any issues with the transmission fluid, the NMA recommends drivers wipe a cool dipstick between their thumb and index finger. If even the

slightest bit of grit is felt when wiping the dipstick, the transmission is likely in need of work.

- **Oil:** Drivers should change their vehicles' oil before embarking on road trips, especially if such trips will be lengthy. The NMA notes that fresh oil is light to dark amber and translucent, and that is how oil typically looks immediately after an oil change. Oil darkens over time, and that is natural (black oil indicates it's time for an oil change). However, oil that appears cloudy or milky indicates that coolant is getting into the oil, perhaps due to gasket problems. Drivers who are not getting their vehicles' oil changed before a road trip should at least check their oil before leaving to inspect the color of the oil and ensure the vehicle has enough oil.

- **Windshield washer fluid:** The unknown of the open road is part of what makes it so appealing. While many road trippers plan their trips during the summer and fall when the weather tends to be both pleasant and predictable, there's no guarantee inclement weather won't rear its ugly head. Filling the windshield washer fluid reservoir before embarking on a trip ensures drivers' visibility won't be adversely affected by unforeseen issues that can soil windshields.

Checking fluids before embarking on a road trip can help drivers avoid breakdowns and ensure a safe, fun trip. FC18A346
