Winter Survival

Birds need extra assistance in winter

Cold weather can be particularly taxing on many of the birds individuals discover in their backyards throughout the year. Although some species migrate to warmer climates each winter, many stay put and attempt to ride out winter in their normal habitats. Birds that tend to stay put include finches, sparrows, titmice, jays, woodpeckers, chickadees, and cardinals. The Cornell Lab of Ornithology says that, in much of North America, winter days can be windy and cold for birds, and nights are

even more challenging. In winter, birds no longer have berries and lush vegetation to consume and insects have died or gone underground. Since finding food can be especially difficult, and shelter may be scarce, many birds can benefit from a little help from their human friends.

Shelter Wild Birds Unlimited says shelter for birds is hard to come by in winter. Trees have shed their leaves, and evergreens may not be as abundant or protective. As a result, birds frequently seek man-made structures

that can provide refuge from the elements. People can provide shelters for birds, which may include traditional birdhouses, windbreaks and snow shields. Even a brush pile can simulate the natural shelters of trees and shrubs that birds prefer. Roost boxes are another option and one that can accommodate small flocks that will group together and share their body heat. Use leaves and branches to provide natural camouflage and help attract birds to the shelter. Offer yarn, fabric scraps, cotton, and other insulating materials that birds can use to help make their shelters more comfortable.

Food Birds require high-calorie and high-fat foods in the winter so they can keep up their metabolism to generate warmth. Also, since birds' feeding habits vary depending on the type of bird, it may be necessary to place feeders at varying heights to maximize access. Feeders should be located out of the wind and in an area that offers safe refuge from predators. The National Wildlife Federation also says individuals should put out sizable feeders and/or use multiple feeders to provide ample food during snow and ice storms. Feeders should be checked regularly and kept full. Consistency is also important because birds will grow accustomed to being supplemented with food and may depend on such supplements to survive. Bird Watcher's Digest suggests a variety of foods for birds. Black-oil sunflower seeds, peanuts, suet, cracked corn, millet, thistle seed, safflower, and various fruits can help many birds thrive. It's also suggested to include mealworms, which can be purchased at bait stores or pet stores. These larvae of beetles can be presented in a shallow dish with slippery sides so the worms cannot crawl out. Birds typically need extra support to survive harsh winters. Offering food and shelter during these bleak months can help. TF182738

"EXPERIENCE" February 2, 2025

Schoharie County Office for the Aging
518-295-2001

February is American Heart Month

Word of the Day! Tomfoolery: refers to playful or silly behavior
Fun Fact! An Ostrich's eye is bigger than its brain.

Laughter Is Good For The Soul

- Why are trees so unreliable? They're shady.
- Why are horses so sleepy? They're always hitting the hay.
- What do you get when you cross a fish and an elephant?
Swimming trunks

February Life Chat: Schoharie County Office for the Aging invites you to learn some great information on Heart Health, presented by Vivian Thurber, R.N. and Tracy Vanderveen, LPN of HCR-Homecare. Where to be announced. Door prize and light refreshments. For questions or to RSVP contact Lenore Tsamis at 518-295-2001.

We are again preparing income taxes! The process will be very similar to last year; a drop off appt, copies and intake left here for volunteers to complete, and then a pick-up appt to review and approve for e-filing. Appointments will be made for February start date. Please note we have screening questions we must ask everyone. Please call for appointment 518-295-2001.

Important Tax Prep Update: Our tax site will now have an income threshold for the year 2024, your income must be under \$65,000.

Reminder The Parkinson Support Group meets on the second Tuesday of every month, at 1PM, the next meeting will be February 11, 2025, at The Gathering Place, 127 Kenyon Rd. Cobleskill, please call Lenore Tsamis at 518-295-2001 to RSVP or please have any questions.

Medicare Reminder: Part D-covered vaccinations. If your provider recommends that you get a vaccine, in most cases it will be covered by your Part D plan. Part D plans must include most commercially available vaccines on their formularies, including the vaccine for shingles (herpes zoster). The only exceptions are flu, pneumonia, hepatitis B, and COVID-19 vaccinations, which are covered by Part B.

As of January 2023, all Medicare-covered vaccines should be free to you. This means you should not owe any cost-sharing, such as a copayment, coinsurance, or deductible for your covered vaccines. To avoid billing issues, it is usually best to make sure that your health care provider or pharmacy administering the vaccine will bill your Part D plan. When you get a vaccine at your doctor's office, ask the provider to call your Part D plan first to find out if your provider can bill your Part D plan directly.

It's Spring clean-up time. OFA, in conjunction with the Schoharie County Youth Bureau, is offering Spring Clean-up Day on April 26th. The deadline to register is April 4, 2025. To receive the benefits of this service a member of the household must be 60 or older and be a Schoharie County resident. To sign up please contact Crystal M. or Amanda S. at Office for the Aging at 518-295-2001.

Thought for the Week... Don't pick sides until you know the full story. Some people are skilled at making others look bad.

IRS Wants You to Know About Schemes, Scams and Cons

"If it sounds too good to be true, it probably is!" Don't become a victim to any scheme that offers instant wealth or exemption from your obligation as a United States citizen to file tax returns and/or pay taxes. Some of these schemes can literally cost you your life savings. Others can result in your prosecution and imprisonment if you knowingly participate in them.

Abusive Return Preparer

Taxpayers should be very careful when choosing a tax preparer. While most preparers provide excellent service to their clients, a few unscrupulous return preparers file false and fraudulent tax returns and ultimately defraud their clients. It is important to know that even if someone else prepares your return, you are ultimately responsible for all the information on the tax return.

Abusive Tax Schemes

Abusive tax scheme originally took the structure of fraudulent domestic and foreign trust arrangements. However, these schemes have evolved into sophisticated arrangements to give the appearance that taxpayers are not in control of their money. However, the taxpayers receive their funds through debit/credit cards or fictitious loans. These schemes often involve offshore banking and sometimes establish scam corporations or entities.

Nonfiler Enforcement

There have always been individuals who, for a variety of reasons, argue taxes are voluntary or illegal. The courts have repeatedly rejected their arguments as frivolous and routinely impose financial penalties for raising such frivolous arguments. Take the time to learn the truth about frivolous tax arguments.

All Program and Emphasis Areas for Criminal Investigation Criminal Investigation has categorized their investigative cases into specific program and emphasis areas of fraud.

Tax Scams — How to Report Them

To help the public recognize and avoid abusive tax schemes, the IRS offers an abundance of educational materials. Participating in an illegal scheme to avoid paying taxes can result in imprisonment and fines, as well as the repayment of taxes owed with penalties and interest. Education is the best way to avoid the pitfalls of these "too good to be true" tax scams.
