## HURRY – ONLY 4 SEASONAL CAMPSITES LEFT!

Join our camping community at beautiful Cook Park in Greene, NY.

Electric sites - 30 amp with potable water, fire pit and picnic table. New bathhouse with hot showers. Garbage pick-up and dump station on premises. Enjoy boating (no gas motors), kayaking and fishing on our 18-acre pond. Pack your lunch and row out to an island picnic spot. No boat – no problem, the park has kayaks available for rent. Cook Park also has beautiful walking/hiking trails. Prefer sleeping under the stars in your tent? Cook Park has nightly tent site rentals and one lean-to site.

Don't let the summer pass you by, reserve your seasonal site today. Wedding, family reunion, birthday party or other special occasion? Our pavilion seats 75 and is available with reservations.

Call or text 607-244-1912 for site or pavilion reservations.

The Independent Office of Appeals (Appeals) may be the place for you if all the following apply:

- You received a letter from the IRS explaining your right to appeal the IRS's decision
- You do not agree with the IRS's decision
- You are not signing an agreement form sent to you

If all of the above are true, then you may be ready to request an Appeals conference or hearing.

To decide if you should appeal your tax dispute, consider the following. If you believe the:

- IRS made an incorrect decision based on a misinterpretation of the law, check the publications discussing your issue(s)
- IRS didn't properly apply the law due to a misunderstanding of the facts, be prepared to clarify and support your position
- IRS is taking inappropriate collection action against you or your offer in compromise was denied and you disagree with that decision, be prepared to clarify and support your position

Facts used by the IRS are incorrect, then you should have organized records or other evidence to support your position

In addition to the ordinary appeal process, we offer mediation programs that can more quickly resolve disputed issues.

Appeals isn't for you if any of the following apply:

- The correspondence you received from the IRS was a bill and there was no mention of an appeal
- You didn't provide all information to support your position to the examiner during the audit
- Your only concern is that you can't afford to pay the amount you owe

If you don't meet the conditions above for having your case enter the Appeals process, contact the IRS employee you have been working with or call for assistance in identifying the correct IRS employee to contact.

# CAR CARE

## Charge up your car battery knowledge

Vehicles consist of many essential components to keep them running efficiently and effectively. Car and truck owners should have an understanding of how their vehicles function so they can diagnose and address problems as they arise.

Car batteries are an important component of any vehicle. Even though engines are the powerhouse of any car or truck, without a battery, the engine wouldn't be able to work. According to experts car batteries work by providing a jolt of electricity necessary to power all the electrical components of the vehicle. This is achieved through a chemical reaction that changes chemical energy into the electrical energy needed to deliver voltage to the starter. In addition to initially starting the car, the battery also keeps electric current steady to keep the engine running.

The battery also works in conjunction with the alternator to power the electronics in the car, according to the automotive information blog Autosessive. While the car is running, the alternator reverses the current produced by the battery, recharging it as a result. This happens during long journeys, so people who drive for short bursts of time may find that their batteries will not have a chance to recharge and may not have the

longevity desired. There is quite literally a lot riding on a functioning battery. No one wants to be caught stranded by a dead battery, so drivers may wonder if there are any indicators that may signal the battery needs replacement.

- **Slow turnover:** If a vehicle does not immediately start or if the cranking is sluggish and takes longer to start, it may mean the battery is starting to fail.
- **Frequent, short trips:** Drivers who make frequent, short trips may find their car batteries do not have time to fully recharge. This, coupled with overtaxing thanks to a lot of accessory use, may cause the battery and the alternator to have shortened life spans.
- **Low battery fluid levels:** If the fluid level is below the energy conductor inside, it is often indicative of overcharging and excessive heat.
- **Corrosion:** Corrosion buildup, dust, dirt, and grime on battery connections may cause performance problems. Inspecting and cleaning the terminals can prolong the battery life.
- **Odors and leaks:** Battery leaks can produce a sulfur odor similar to the smell of a rotten egg. This can become problematic over time, and leaks may indicate an aging or damaged battery.
- **Age:** Most batteries have a finite life span. A well-maintained battery can last up to five years. Neglect can reduce that life expectancy considerably.
- **Bloated or cracked battery case:** Replace the battery immediately if the case is cracking, as it could be because excessive heat is swelling the battery.

Understanding how car batteries work can help drivers keep their cars running smoothly. SC203721

# AUTOMOTIVE

**LOOKING FOR AN AFFORDABLE USED CAR?**

SICK OF BUYING rusty junk off of an individual or online and then spending more than you paid for it trying to get it functional or to pass inspection? At Central Auto Sales I take pride in buying quality cars that are still in excellent condition that can supply you with many miles of service in the future. I typically buy my cars from states south of NY to avoid the rust associated with local cars. I have a nice selection of cars in the affordable \$4-6K range, most are low miles or low miles for the age. I'm a lifetime resident of Norwich. Buy from someone local. No pressure, no fancy hype, just quality cars at fair prices! Central Auto Sales LLC, 429 Manley Road, Norwich. [www.centralautosalesllc.com](http://www.centralautosalesllc.com) 607-336-6371.
