OTSEGO COUNTY

ABOUT THE COUNTY

From humble beginnings in August, 1982 when four Oneonta residents got together to talk about starting a railroad museum, the Leatherstocking Railway Historical Society (LRHS) has grown to become one of the largest and most active railway preservation groups in New York State. We were proud to celebrate our 20th Year of Rail Preservation in 2002.

The organization was incorporated as not-for-profit, 501(c)(3) tax exempt, educational corporation by the New York State Department of Education on December 16, 1983 and became an affiliate of the National Railway Historical Society on May 7, 1983, being designated the Leatherstocking Chapter.

The Leatherstocking Railway Historical Society was created with two objectives in mind. The first was the protection and preservation of the "Little Red Caboose" in Oneonta's Neahwa Park. It was in this Caboose that the Brotherhood of Railroad Trainmen was organized in 1883, which became the largest rail union in the world. After raising \$10,000 a plexiglass enclosure was built around the Caboose protecting and preserving it for future generations. LRHS is still to this day the official caretaker of this historic piece of rail equipment.

The second objective of the organization was the construction of a railroad museum in the Oneonta area to document, preserve, and educate the public on the area's rich railroad heritage. After looking at several locations in the immediate Oneonta area, a location on NYS Route 7 in Cooperstown Junction was chosen in 1984 as a museum site. The property consisted of 1.5 acres of land and an 1890's Victorian style house. The site was also ideally located at the southern end of the Cooperstown & Charlotte Valley Railroad (CACV), a 16-mile shortline running from the Delaware & Hudson Railway (D&H) mainline in Cooperstown Junction to Cooperstown. The CACV had not been used for several years.

In April, 1995 the organization purchased the Milford Depot, located at the midpoint on the CACV and immediately began restoration work. On June 8, 1996 the depot, restorations complete, was dedicated and opened up to the public as a railroad museum. Also on the property is an 80' x 35' steel building constructed in the 1970's which is used as an engine house.

Many years of planning and fund raising began to pay off in June, 1995 when the organization received a \$225,000 New York State Budget Appropriation, thanks to the efforts of NYS Senator James Seward, a resident of Milford, NY. These funds were used to purchase the CACV and renovate the northern end for passenger service between Milford and Cooperstown, NY.

Culminating over ten years of efforts, the Leatherstocking Railway Historical Society took ownership of the Cooperstown & Charlotte Valley Railroad, built in 1869, when it closed in escrow on July 1, 1997. The actual transfer of funds took place during a press conference on September 15, 1997 at the Milford Depot. Work on clearing brush along the line began in August, 1997 and was completed in October, allowing engineers to perform inspections during the first quarter of 1998 which were necessary to prepare bid packages for contractors who worked on the CACV renovations. These renovations were completed during the spring of 1999 with rail operations beginning on Sunday, June 6, 1999 between Milford and Cooperstown, NY. An official Grand Opening was held July 10, 1999, commemorating the 130th Anniversary of the building of the Railroad.

In September, 1996 property next to the Milford Depot known as the Milford Auction Barn Property was purchased. This unique property, with 12 acres of land and a large barn, will drastically increase the parking and display capacities in Milford. In addition, a large auditorium in the barn once used for auctions will become an audio/visual center where visitors will be able to enjoy railroad oriented presentations.

Also in September, 1996 the organization acquired through donation a foot and a half

gauge, locally built railroad. With a diesel and two coaches capable of carrying a total of 30 passengers the Milford Park Railway is periodically operated for visitors on weekends during the summer months.

The Milford Depot Complex, the Cooperstown Junction property, and the CACV are all parts of the Leatherstocking Railway Museum Project. When completed the Leatherstocking Railway Museum will consist of a museum facility in Cooperstown Junction, the Milford Depot Complex and a facility in the Village of Cooperstown, all connected by train rides on the CACV.

The organization has collected several pieces of rail equipment since its inception. Most notable are two D&H Railway Post Office Cars, a D&H Big Hook Wreck Crane (which used to be stationed in Oneonta), a D&H Jordan Spreader, a fleet of passenger and freight cars, cabooses and a Pennsylvania Railroad GG1 Electric locomotive.

Thousands of railroad artifacts have been added to the organization's archives over the years and are used for displays at the museum facilities and/or stored in the LRHS archives for research purposes.

In addition to rail equipment and paper artifacts several railroad structures have been preserved. Delaware & Hudson signal bridges have been acquired, and FA Tower, last standing wooden interlocking tower on the D&H, was dismantled in Oneonta and moved to the Cooperstown Junction Museum Site for future assembly on that property.

From that group of four local railroad enthusiasts in 1982 LRHS has grown to 300 members

June 21
Kassi Valazza with Sequoia
 7:00 pm

There is a cult-like fascination growing around Kassi Valazza following the self-release of her 2019 debut album Dear Dead Days and her surprise 2022 EP Highway Sounds. She is seated squarely at the vanguard of new American songwriters strengthening and broadening the sound of country music as she tours with celebrated acts such as Melissa Carper and Riddy Arman. The Southwestern native resides in Portland, a hotbed of songwriters producing albums that both bear the torch and bend the arc of American roots music, where she recently signed with Fluff & Gravy Records — a label known for launching Anna Tivel and Margo Cilker.
