Houseplant Tip

It’s important to watch houseplants closely. According to gardenguides.com, an online gardening resource, you should inspect plants regularly for yellowing or discolored leaves. This condition is usually caused by overwatering, but can also be the result of insects. Deformed plants and sticky deposits on leaves and stems can be caused by insects as well.

A Healthy Pet Is a Happy Pet.

You love your pet, so make sure he stays safe and healthy all year round. How?

- Take a note of your pet's behavior when healthy. This will make it much easier to recognize when your pet is acting strangely – a strong indication that he is sick.
- Keep your pet's vaccinations up-to-date.
- Don't leave pets unattended in the car, even with the windows down.

Celebrations!

From the family of
Larry L. Crandall

We are so very grateful for your kindness and sympathy on the loss of Larry. Thank you to all who sent cards or stopped to express your condolences.

Thank you all for being there as we celebrated Larry. Your presence gave us joy in the knowledge of the many lives he touched.

A special thank you to the musicians who gave their time to play in remembrance: Eric Porter, Pam Swan, Kevin Keefe, Carl Picket and Steve Skollar. We could not have asked for a better farewell.

Music, once
admitted to the
soul, becomes
a sort of spirit,
and never dies.

Jam on, Lars.
